Summary

Passionate Front-End Developer specialized in **Angular** . Proficient in integrating RESTful APIs, designing responsive UI with Tailwind CSS, and implementing modern frontend tools. Passionate about user-centered design and performance optimization. Eager to contribute frontend expertise and engineering background to build impactful, intuitive web solutions.

Experience

CloudSoft5

Frontend Developer Angular

Apr 2025 – Present

Cairo, Maadi

- Migrating a legacy MVC-based ERP system to a modern, scalable architecture using **Angular**.
- Rebuilding and enhancing core ERP modules with improved UI/UX, **performance**, and maintainability.
- Integrated frontend with **RESTful APIs** and handled dynamic data rendering.
- Implementing responsive and clean interfaces using **Tailwind** CSS.
- Participating in requirement analysis and contributing to architectural and technical decisions during the migration process..

Sputnik Academy

Frontend Developer | Training

Feb 2025 – May 2025

Remote

- Developed and maintained responsive user interfaces using **Angular** and modern web technologies.
- Collaborated with the **UI/UX team** to deliver cohesive, functional designs.
- Improved code maintainability and performance through **modular structures** and **best practices**.

Elevate Tech

Frontend Developer | Training

Jan 2025 – Mar 2025

Remote

- Developed responsive user interfaces using **Angular 19** and **Tailwind CSS v4**.
- Translated high-fidelity **Figma designs** into pixel-perfect, dynamic components.
- Integrated **RESTful APIs** and optimized overall **UI performance**.
- Ensured code quality and modularity while managing version control with **Git**.

Education

Faculty of Engineering, Alexandria University

(2018 – 2023)

Technical Skills

Frontend : Angular 2+, TypeScript, JavaScript, HTML5, CSS3, SCSS, Bootstrap, Tailwind CSS, Angular Material, SEO

Version Control : VS Code, Postman, Figma, npm, Git, GitHub, Jira, Agile, Scrum

Tools Ai : Claude, Stitch, Gemini, LLMs, RAG, ChatGpt

Projects

1- Shop.co E-Commerce Platform

Angular, TypeScript, Tailwind CSS, API Integration

Developed a responsive and dynamic shopping platform with cart features and product browsing.

[Live demo](#) | [Source Code](#)

2- Foodi Restaurant App

Angular, TypeScript, Tailwind CSS, Figma, API Integration

Built a restaurant platform with modern UI/UX design and real-time data integration.

[Live demo](#) | [Source Code](#)

3- MovieZone App

Angular, TypeScript, Tailwind CSS, TMDB API

Created an application to display trending movies and TV shows using TMDB API.

[Live demo](#) | [Source Code](#)

4- Notes App

Angular, TypeScript, Bootstrap

A simple CRUD notes app with responsive layout and local data storage.

Courses & Certifications

Frontend Web Developer – Angular

Route Academy | Sep 2024 – Mar 2025

- Focused on HTML5, CSS, Bootstrap, JavaScript, TypeScript, Tailwind CSS, and Angular with hands-on API integration(Fetch, Axios, HttpClient and Angular)

Soft Skills

- **Time Management & Organization:** Balanced multiple concurrent projects and deadlines while migrating a legacy ERP system to Angular.
- **Communication & Teamwork:** Collaborated closely with UI/UX and backend teams to translate designs into functional, responsive interfaces.
- **Presentation & Data Analysis:** Presented technical proposals and analyzed requirements to guide architectural decisions during the ERP migration.
- **Adaptability & Continuous Learning:** Actively applied feedback from code reviews and mentors to improve code quality and adopt best practices.

Languages

- **Arabic** : Native
- **English** : Professional working Proficiency
